Covid-19 Response & Recovery

This past year has been challenging in more ways than anyone could have ever predicted. Our community is great at adapting to change and creating innovative solutions to challenges. Partner agencies have collaborated to increase food distributions and deliver to shut-ins. They have created virtual learning academies, moved programs outdoors and provided digital programming or take-home kits for summer programs. Our United Way has distributed toilet paper donated by Cottonelle and face masks donated by FEMA. Together, we raised \$10,000 for community Covid-19 response and recovery.
